Printed dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and corridor walls from the dimensions that would be determined by using the dimensions and tolerances in the Form and Plans in the Declaration (collectively, the "Plans"). Actual dimensions may vary from the Plans and from the dimensions shown on this floor plan and, as a result, the square footage of each Unit may be greater or less than the square footage set forth in the Plans. Accordingly, the square footage shown on this floor plan may not be used for purposes of determining the Purchase Price for the Unit. Furniture and other items shown on this floor plan are not included as part of the Unit unless specifically listed in the Purchase Agreement. Purchaser should not rely on this floor plan in determining whether the Unit will accommodate Purchaser's furniture and other items. Purchaser should refer to the Plans in order to determine the boundaries and dimensions of the Unit and its appurtenances and the Common Elements and Limited Common Elements adjacent thereto. Purchaser is hereby advised that the Unit as constructed may not be identical to the Unit as shown on this floor plan and that dimensions may vary from those shown on this floor plan. Purchaser acknowledges that Purchaser has not relied upon this floor plan in entering into the Purchase Agreement for the Unit.
